Idol Marie is here to stay

Summary

A one-shot written with the little information I could find on this fandom.

My name is Lil and I'm 10 years old. I know it's a strange name, but that's because I'm the Demon World's princess!

- A translation of [L'Idole Marie est là pour de bon](#) by [MiaQc](#)

My name is Lil and I'm 10 years old. I know it's a strange name, but that's because I'm the Demon World's princess! My father is the king. My mother is human.

Dad wants me to study all the time to be a proper princess. I think it's too corny! I want to have fun!

Mom often tells me about the Human World, also known as Earth. There, children go to school and they often have fun. I'd love to live on Earth. But wait a minute, I can go there. All I have to do is run away from the palace! Mwa-ah-ah, I'm brilliant.

I am now on Earth. I'm discovering so many things and... oh? There are auditions for a new Idol. I know! I'm going to transform and take part in the audition. I'm going to become Marie, a 15-year-old teenager. Come on, let's go! TRANSFORM!

I can't believe it. I passed the audition. I'm officially an Idol! I feel like I'm in a fairy tale, fulfilling a dream. Mom and Dad must be looking all over for me, but I can't go back to the Demon World. I have to stay on Earth and make people happy with my songs. Idol Marie is here to stay!
